Bar Cradle Truck

- ◆ Frame is made of structural channel.
- ◆ Cradles are 3" wide, 24" across and 13" deep.
- ◆ 12" phenolic wheels provide superior strength and are resistant to gas, oil and many frequently used chemicals.
- ◆ 8" swivel casters and tilt design allows truck to turn within its own radius.
- ◆ All wheels have roller bearings.
- ◆ All trucks 28" wide by 29" high
